

WARLIKE MOVE IS MADE BY BULGARIA AGAINST ROUMANIA

Heavily Censored Bucharest Dispatch Says Bulgar Frontier Has Been Closed.

TROOPS ARE CONCENTRATING

Varied Reports Indicate That Situation in Balkans Is Becoming Serious.

By ED. L. KEEN.

LONDON, June 28.—Interest in the expected grand offensive of the allies shifted temporarily today to the situation in the Balkans, with the revival of reports that Roumania is preparing to join the allies.

A heavily censored Bucharest dispatch, telegraphed via Athens, reports that Bulgaria had closed her frontier against Roumania. Bulgarian troops were reported to be concentrating along the Roumanian frontier.

The Evening News received a Bucharest dispatch reporting that the Roumanian cabinet, at a special session, took certain steps as a result of Bulgaria's movement. Roumanian military chiefs participated in the cabinet conference.

Vienna reports received at Amsterdam gave further explanation for Bulgaria's warlike moves against Roumania. The Bulgarians, Vienna reported, are uneasy because Greece yielded to the demands of the allies, but that both the Roumanian and Greek armies may turn against Bulgaria, invading from opposite sides while the Austro-Germans are busy on other fronts.

Berlin dispatches today are silent on the latest Balkan developments, but said heavy emphasis on the continued bombardment of German lines opposite the British front. The cannonade, Berlin believes, is a systematic attempt to wreck German defensive works in preparation for a great infantry onslaught.

Correspondents in Switzerland reported today that the successes of Russian and Italian offensives are causing the greatest consternation in Vienna. The Austrians are clamoring for the abandonment of the Verdun offensive by the Germans, and the sending of more troops to the Austrian front.

Camp Shower Baths Popular With Troops

The bath house, containing fifteen showers, erected in the rear of the field hospital, is proving popular with the men of the Third Regiment. When the men come in from drill twice a day, hot and covered with dust, they form a steady stream to the showers.

Distributes Psalms to District Guardsmen

Pocket editions of the Book of Psalms, attractively bound in black morocco, were distributed among members of the District militia at the mobilization camp yesterday afternoon by the Rev. A. H. Zimmerman, with the compliments of the Washington Bible Society.

News and Gossip From Radio Camp

Regular Army Officers Much Impressed by Sanitation System Established by District Militiamen—Cooking Arrangements Good.

Col. A. W. Brewster, from the office of the inspector general of the United States Army, and other regular army officers who have visited the mobilization camp, have been much impressed with the sanitation system there. They particularly liked the cooking arrangements and facilities for disposal of trash and garbage.

Each of the kitchens is entirely enclosed with fine web mosquito wire and has a door of the same material which is kept closed at all times. The little wire houses are cool and breezy, although the stove stands in the corner and is "on the job" at all hours.

The kitchens are equipped with shelves, boxes, crates, and an icebox with a capacity of 30 pounds. The big army bread and stew pans, about three feet deep and five feet square, have been paved with rocks gathered up from the fields near the camp site. The rocks hold the heat imparted to them by the big fire kept burning in the incinerator all day, and thus help reduce the huge beef bones, vegetable peelings, and other refuse to a fine black powder.

Even the water in which the militiamen wash their mess kits, and all other water accumulated around the kitchen, is incinerated.

When the time comes to "burn the water," the top sergeant details a man to perform the job. It consists of attaching a tomato can to a long pole and dipping into the big vessels filled with water. At frequent intervals the "water burner" hauls up the fluid into the incinerator fire, and it immediately vaporizes.

Southern to Provide 100 Cars For Part of D. C. Men

The Southern railroad will provide 100 passenger cars at Rosslyn, Va., for the transportation of the First Separate Battalion, Field Hospital, Signal Corps, and Troop A, First Cavalry, when these organizations are sent to the border.

C. W. Westbury, general agent, and J. T. Richmond, passenger agent of the Southern, were busy at the mobilization camp today getting data from each of these organizations on the number of men and the equipment they probably will take to the border.

Guardsmen Kept Busy Learning Slang of Army

If you happened to ask the "cookee" of Troop A Cavalry, camped near Fort Myer, what he had planned to have for dinner, he told you "some slummin' chicken, slummin' on plate, and plenty of punk and spuds," would you look forward to an enjoyable meal? Perhaps you wouldn't, but the cavalry boys would know that they were going to have a good meal.

200 CHILDREN INVADGE CAMP GOOD WILL

Kiddies Turn Out for First Time This Season for Happy Two Weeks.

(Continued from First Page.)

Georgetown station, and at Miss Sadie Wilson, at the Northeast.

The games are all ready, the "swimmin' hole" is still there, and baseball diamonds await the youngsters, and every evening there will be gatherings and entertainment for the older folk and games of all sorts for the children before their bedtime.

"Say, here's a kid what wants to go. His mother she says it's all right," announced one sturdy, freckled faced youth, who brought another boy on the same block.

All the children who go must have their parents' consent, and must have some one along to be responsible for them. So this child was not accepted for the trip today, but if he needs the camp, he will be taken out later.

Pale, wan, worn out and tired-looking mothers, cheery and happy in the prospect of the two weeks away from the crowded houses, in dark alleys, were as excited as the children about leaving.

For weeks they have been getting their children ready. Some of them

who do laundry work have worked harder so they can pay rent while away. Some have husbands in hospitals, a few have husbands down at Occoquan for non-support.

Their luggage, a nondescript collection, it was piled into the same automobiles that took the children and the mothers out. Baskets, carpet bags, suit cases much the worse for wear, and bundles were taken along.

Out at the camp each family will have a tent. At tables families will be kept together. Every effort is made to preserve the family life while there.

Automobile companies and private individuals responded generously with cars. Others will be needed two weeks hence when the present group is brought back and others are taken out.

"Little mothers" were busy. Some girls of six and eight years old had younger children in charge, though their mothers, or some older relative, was around. One boy of seven came in with a younger sister clinging to each hand.

The idea of sleeping in tents struck terror to the heart of one girl who was going out for the first time. She said she was afraid of "bears and wolves." She was assured that Rock Creek Park was free from those animals except for the caged ones in the Zoo.

Cubans Cannot Carry Arms During Elections

HAVANA, June 28.—President Menocal has issued a decree forbidding the carrying of arms and canceling all licenses for them. The decree is prompted by fear of trouble during the elections.

MITCHELL WANTS NO GERMAN REGIMENT

New York Mayor Frowns on Plan to Draw "Race Line" in Enlistments.

NEW YORK, June 28.—Mayor Mitchell, replying to a suggestion from Fritz Foltz that a regiment composed exclusively of citizens of German birth be formed, said he thought such a scheme would tend to draw the very racial lines which advocates of Americanism are seeking to obliterate. His letter follows:

"I have received your letter of June 21 suggesting the organization of a regiment to be composed of American citizens of German birth exclusively.

"While I commend your interest, I am of the opinion that it would be hurtful to draw racial lines in American military affairs.

"I think what we ought to do is to emphasize to be composed of American citizens of the nationalities into an army which is simply American.

"I would, therefore, deprecate the formation of a regiment composed wholly of men of any one nationality, whether they be German, French, Italian, or Russian, as this might tend to draw the

very racial lines which I believe should be avoided.

"I suggest that you urge your plan to the regular organization of the national guard or such other organizations as may be recruited by the local authorities."
